ORGANISERS WELCOME

Croeso/Welcome to the 2023 and 68th Visit Conwy Cambrian Rally organised by the North Wales Car Club. We believe our event to be the longest-running annual organised rally in the UK – every year since 1956 without a break! This is a record we are proud of and eager to maintain! We are privileged to have the continued support of Conwy Borough County Council who are keen supporters of motorsport within the Conwy area. We are also indebted to Llandudno Town Council for their continued support..

In 2023, North Wales Car Club is honoured to remain an invited round of the Motorsport UK British Rally Championship, MRF Tyres BTRDA Rally Series, Motorsport UK Pirelli Welsh Rally Championship, Bowler Defender Challenge, The Mini Cooper Challenge with RallyMe, IPS Paint Rally Challenge and the ANWCC Championships.

This year the Visit Conwy Cambrian Rally will again run as a National and Interclub event and is proud to offer Competitors a refreshed more compact route; featuring an all new forest stage for both events as well as a 14 mile forestry stage to finish. The route is within the county of Conwy and based around the Cerrigydrudion, Betws-y-Coed and Llanrwst localities.

The 2023 event will be based out of the theatre and concert centre, Venue Cymru. We are also once again using the service area in the grounds of Welsh Assembly Government buildings in Llandudno Junction, with improvements from last year. Both venues provide great facilities and allow the rally to be centred in and around Llandudno. The Bowler Defender Challenge will be based again from Rybrook Land Rover in Llandudno Junction.

Secure overnight parking will be available for your competition car in the Victoria Centre Car Park, Llandudno, for a small fee of £10. The organisers are able to offer an entry fee of £1295 for entrants in the National permit event, £745 for BTRDA Rally First Crews and £795 for all other competitors (including mandatory tracker). Competitors in the Mini Challenge and Bowler Defender Challenge, please see 1.5.

Many marshals will be required for our event so if you are not entering then please consider coming to help, and please encourage friends and fellow club-members to help, with what we promise to be an event that will challenge the competitors.

www.rallystageteam.co.uk to register.

From all on the organising team, we wish you all a safe, enjoyable and challenging weekends sport and look forward to welcoming you to the 2023 Visit Conwy Cambrian Rally.

The Organisers.

SPONSORS WELCOME 2023

We're delighted to be the host County for the Visit Conwy Cambrian Rally again this year and welcome back the competitors and supporters to North Wales.

When the rally is in town we're assured an action packed day and top class competition. Last year it was great to be on Llandudno Promenade to see Oliver Solberg cross the finish line and take the win. We're looking forward to see who will win this year.

A warm welcome awaits competitors and visitors alike and a huge thanks to all of the dedicated volunteers who make this fantastic event happen."

Cllr Aaron Wynne, Cabinet Member for Culture & Leisure,
Conwy County Borough Council.

CROESO NODDWR 2023

Rydym yn falch o fod yn Sir sy'n croesawu Visit Conwy Cambrian Rally eto eleni a chrosawu'r cystadleuwyr a'r cefnogwyr yn ôl i Ogledd Cymru.

This is, and will be, an ongoing process and includes every aspect of the event; provisions on special stages, in the Service Park and within our general administration tasks, including those within Rally HQ. The specific aims for the 2023 Visit Conwy Cambrian Rally are as follows:

- Become a paperless event as far as practicable by introducing a Digital Noticeboard.
- Introduce hybrid and/or EV vehicles to the Official Course Car team where available.
- Minimise impact on ground and water contamination within the Service Park
- Encourage waste reduction and separation by providing recycling bins within the Service Park and Rally HQ and to provide waste bags in Spectator Areas to encourage visitors to take their rubbish home.
- Reduce the level of vehicular movement within the event as much as possible.

Our full Environmental Policy is available on www.cambrianrally.co.uk

positive about motorsport

For organisers and events such as the Visit Conwy Cambrian Rally, there is an increasing need to act on mitigating the associated environmental impacts such as the carbon footprint generated by its running. Such action is necessary to ensure the continued support of our stakeholders and the communities our event relies on. Several events have begun to take such steps to help to make motorsport and the environment more sustainable for the future.

The Visit Conwy Cambrian Rally has decided as part of an environmental road map, to partner with Carbon Positive Motorsport, and to take significant steps to mitigate its carbon footprint through the purchase of carbon reduction units (CRUs)

These CRUs are sourced using only world class UK rewilding-based carbon offsetting projects certified by the Woodland Carbon Code. Such projects provide greater environmental benefits than offsetting alone and ensure that the economic benefits are retained in the UK. The CRUs will provide assured carbon offsetting in the future, to the equivalent of an estimated CO₂e level, using UK government carbon conversion factors that correspond to the forecasted fuel consumption of the organisers and competitors vehicles on the event day.

This forecast is based on a proprietary database of actual competition and organisers vehicles fuel consumption, and will include an additional 25% offset level, to create a carbon positive level of offsetting in the long term.

Following the event, the estimated tCO₂e equivalent, will be registered as Pending Issuance Units (PIUs) which provide the CRUs. This transaction will be administered by Carbon Positive Motorsport, through its partner Highland Carbon in the name of the Visit Conwy Cambrian Rally 2023 and published via IHS Markits on the UK land registry. This registration provides verification and traceability of the CRUs and prevents any reselling of such units. Details of the projects used can be found on the carbon positive motorsport website.

We have included a discounted £16 carbon offsetting charge per competitor within our entry fees and consider this as a relatively low cost for the quality of offsetting provided, and to secure the benefits for the event in the future. Competitors can select to opt out of this charge if wished through the event organisers.

We appreciate the involvement of all competitors in supporting this initiative.
