ORGANISERS WELCOME

Croeso/Welcome to the 2023 and 68th Visit Conwy Cambrian Rally organised by the North Wales Car Club. We believe our event to be the longest-running annual organised rally in the UK – every year since 1956 without a break! This is a record we are proud of and eager to maintain! We are privileged to have the continued support of Conwy Borough County Council who are keen supporters of motorsport within the Conwy area. We are also indebted to Llandudno Town Council for their continued support.

In 2023, North Wales Car Club is honoured to remain an invited round of the Motorsport UK British Rally Championship, MRF Tyres BTRDA Rally Series, Motorsport UK Pirelli Welsh Rally Championship, Bowler Defender Challenge, The Mini Cooper Challenge with RallyMe, IPS Paint Rally Challenge and the ANWCC Championships.

This year the Visit Conwy Cambrian Rally will again run as a National and Interclub event and is proud to offer Competitors a refreshed more compact route; featuring an all new forest stage for both events as well as a 14 mile forestry stage to finish. The route is within the county of Conwy and based around the Cerrigydrudion, Betws-y-Coed and Llanrwst localities.

The 2023 event will be based out of the theatre and concert centre, Venue Cymru. We are also once again using the service area in the grounds of Welsh Assembly Government buildings in Llandudno Junction, with improvements from last year. Both venues provide great facilities and allow the rally to be centred in and around Llandudno. The Bowler Defender Challenge will be based again from Rybrook Land Rover in Llandudno Junction.

Secure overnight parking will be available for your competition car in the Victoria Centre Car Park, Llandudno, for a small fee of £10. The organisers are able to offer an entry fee of £1295 for entrants in the National permit event, £745 for BTRDA Rally First Crews and £795 for all other competitors (including mandatory tracker). Competitors in the Mini Challenge and Bowler Defender Challenge, please see 1.5.

Many marshals will be required for our event so if you are not entering then please consider coming to help, and please encourage friends and fellow club-members to help, with what we promise to be an event that will challenge the competitors.

www.rallystageteam.co.uk to register.

From all on the organising team, we wish you all a safe, enjoyable and challenging weekends sport and look forward to welcoming you to the 2023 Visit Conwy Cambrian Rally.

The Organisers.

SPONSORS WELCOME 2023

We're delighted to be the host County for the Visit Conwy Cambrian Rally again this year and welcome back the competitors and supporters to North Wales.

When the rally is in town we're assured an action packed day and top class competition. Last year it was great to be on Llandudno Promenade to see Oliver Solberg cross the finish line and take the win. We're looking forward to see who will win this year.

A warm welcome awaits competitors and visitors alike and a huge thanks to all of the dedicated volunteers who make this fantastic event happen."

Cllr Aaron Wynne, Cabinet Member for Culture & Leisure,
Conwy County Borough Council.

CROESO NODDWR 2023

Rydym yn falch o fod yn Sir sy'n croesawu Visit Conwy Cambrian Rally eto eleni a chrosawu'r cystadleuwyr a'r cefnogwyr yn ôl i Ogledd Cymru.

Pan fydd y rali yn y dref byddwch yn sicr o gael diwrnod llawn antur a chystadleuaeth o'r safon uchaf. Roedd yn wych bod ar Bromenâd Llandudno y llynedd i weld Oliver Solberg yn croesi'r llinell derfyn ac ennill. Rydym yn edrych ymlaen at weld pwy fydd yn ennill eleni.

Bydd croeso cynnes i gystadleuwyr ac ymwelwyr a diolch yn fawr i'r holl wirfoddolwyr ymroddedig sy'n sicrhau bod y digwyddiad arbennig hwn yn digwydd."

ART. 1. ANNOUNCEMENT

North Wales Car Club Ltd (the 'organisers') will organise and promote a multi-permit Special Stage Rally on Saturday 28th October 2023, starting and finishing in Llandudno, North Wales.

The event will be known as the "Visit Conwy Cambrian Rally 2023".

ART. 1.1 JURISDICTION

The event will be held under (A) the 2023 General Regulations of Motorsport UK, incorporating the provisions of the International Sporting Code of the FIA; (B) these Supplementary Regulations (the 'SRs'); (C) Regulations issued by the various championships and series of which this event forms part of, and (D) Any written instructions that the organisers may issue for the event.

Any modifications, amendments and/or additions to these supplementary Regulations shall be made in the form of numbered and dated bulletins. Further information will be published in the Final Instructions/Rally Guide 2.

ART. 1.2 ELIGIBILITY

The event is open to all fully elected members of the organising club, members of clubs affiliated to the Welsh Association of Motor Clubs and/or the Association of North-Western Car Clubs, members of BTRDA ® and registered contenders of any of the championships for which the event qualifies (see Art. 2.1).

The Visit Conwy Cambrian Rally (National) event will take place over 7 Special Stages, with a total of 56 miles, and is open to historic and modern two-wheel and four-wheel drive cars and is a round of the Motorsport UK British Rally Championship.

The Visit Conwy Cambrian Rally (Interclub) event will take place over 6 Special Stages, with a total of 45 miles, and is open to modern and historic two-wheel and four-wheel drive cars and is a round of the MRF Tyres BTRDA ® Rally Series, Motorsport UK Pirelli Welsh Rally Championship, IPS Paint Rally Challenge, and ANWCC Championships.

In addition, the Defender Rally Series by Bowler will take place over the same 7 stages as the National Event under an interclub permit. Crews from the Interclub event are invited to complete this additional mileage (known as 'Cambrian Trophy Rally') and still be eligible to score points in their championships as long as they don't take part in the recce. Any additional crews from the Interclub event are welcomed to complete this additional mileage. The Mini Challenge will include 4 stages totalling 22.33 miles from the Interclub permit event .

For 2023, all entrants will be invited to participate in the event Shakedown stage (at an additional cost). There are limited spaces therefore spaces will be allocated on a first come first paid system.

Competitors are not permitted to score points in the classification of the championships which the event is qualifying round, unless they are registered in the appropriate championship.

All competitors must hold a valid Motorsport UK Competition Licence (or international equivalent) necessary for the event they are entering (Drivers must hold a Stage Rally licence, Co-Drivers may compete under a non-race Interclub licence except for the Navigators competing in the BRC who will require a National Licence). Licences, club membership and championship registration cards (as appropriate) must be sent to the Entries Secretary as part of their event entry for approval.

Competitors and drivers from outside of the UK who wish to take part in the Visit Conwy Cambrian Rally and do not hold a valid Motorsport UK licence, may only do so with the approval of their own ASN and have provided the event organisers with evidence of that approval before the competitor is allowed to compete (NCR D.3.2.2).

We are delighted to offer all The Visit Conwy Cambrian Rally competitors and spectators a 20% discount on their event travel using our range of carbon offsetting services available through our online sales platform.

With prices starting from less than 14p per litre it's a small cost that makes a big difference.

Cambrian Rally Discount Code CR22CS
discount codes are valid between 21/10/22 – 31/10/22

for exclusive content and offers follow us @

We are donating 10% of our offsetting and merchandise profits to Ukrainian motorsport organisations who are involved in supplying humanitarian aid – even more reason to be positive about motorsport.

For organisers and events such as the Visit Conwy Cambrian Rally, there is an increasing need to act on mitigating the associated environmental impacts such as the carbon footprint generated by its running. Such action is necessary to ensure the continued support of our stakeholders and the communities our event relies on. Several events have begun to take such steps to help to make motorsport and the environment more sustainable for the future.

The Visit Conwy Cambrian Rally has decided as part of an environmental road map, to partner with Carbon Positive Motorsport, and to take significant steps to mitigate its carbon footprint through the purchase of carbon reduction units (CRUs)

These CRUs are sourced using only world class UK rewilding-based carbon offsetting projects certified by the Woodland Carbon Code. Such projects provide greater environmental benefits than offsetting alone and ensure that the economic benefits are retained in the UK. The CRUs will provide assured carbon offsetting in the future, to the equivalent of an estimated CO₂e level, using UK government carbon conversion factors that correspond to the forecasted fuel consumption of the organisers and competitors vehicles on the event day.

This forecast is based on a proprietary database of actual competition and organisers vehicles fuel consumption, and will include an additional 25% offset level, to create a carbon positive level of offsetting in the long term.

Following the event, the estimated CO₂e equivalent, will be registered as Pending Issuance Units (PIUs) which provide the CRUs. This transaction will be administered by Carbon Positive Motorsport, through its partner Highland Carbon in the name of the Visit Conwy Cambrian Rally 2023 and published via IHS Markits on the UK land registry. This registration provides verification and traceability of the CRUs and prevents any reselling of such units. Details of the projects used can be found on the carbon positive motorsport website.

We have included a discounted £16 carbon offsetting charge per competitor within our entry fees and consider this as a relatively low cost for the quality of offsetting provided, and to secure the benefits for the event in the future. Competitors can select to opt out of this charge if wished through the event organisers.

We appreciate the involvement of all competitors in supporting this initiative.

ART. 5 INSURANCE COVER

Competitors must have insurance in place, which provides Third Party Liability cover that complies with the Road Traffic Act (RTA). This can be an extension to the existing motor policy for the car or purchased via the event organisers, through Marsh Insurance. If a competitor uses an extension to an existing policy, they will be required to sign a declaration confirming that the cover complies with the requirements of the Road Traffic Act along with the company and policy number. Any responsibility for a fraudulent or misleading declaration about existing cover lies with the competitor. If a competitor wishes to purchase cover via the organisers then they can do so prior to the event providing they comply with the following conditions:

- 1) Age 19 years of age or over.
- 2) Has held a full licence for a minimum of 6 months.
- 3) Has no more than 6 points on their licence.
- 4) Has had no more than 1 fault claim in the last 3 years.

Anyone under the age of 19 years will also be accepted at the same price should their co-driver be a more senior member of their family or over 25 years of age.

Any competitor, who falls outside these parameters, may be offered cover at the standard price (or at a higher price) depending on the circumstances. These competitors must ask the event organisers to obtain agreement from Marsh Insurance prior to the event. The Event Organisers' RTA scheme is provided by Marsh Insurance and underwritten by West Bay Insurance plc. The basic rate for the event (before any loadings) is £29:00 and must be paid at the time of entry via Rallies.info.

IMPORTANT NOTE: For those competitors who transport their vehicle to and from events, there is a legal requirement to have RTA Insurance cover for your vehicle in addition to the Marsh Insurance cover. Most event insurance cover notes DO NOT come into effect until an hour before the first car is due to leave the start of the event, which for this event will be:

Saturday 28th: 06:00h

As you would be required to present your car to a Noise Test and then to Scrutineering you may be required to drive on a public highway, before the Insurance is valid, the Marsh insurance will NOT cover you. Should you retire or become excluded from the event you could find yourself without adequate insurance in this scenario, as once out of the event, the Insurance cover provided by Marsh Insurance would not cover you because you would no longer be a competitor on the event. **Make sure you are properly insured before you leave home.**

If you have a Marsh Insurance letter that has a loading then you must also complete the Declaration Form, available from the organisers. **No Insurance = No Start.**

Should a competitor be involved in an incident causing third party damage they are liable to pay the Motorsport UK insurance excess, currently £425, if a claim is made or the actual cost of the damage should it be less than the current excess amount. Either way a copy of the invoice will be provided to show what payments have been made.

CONTROLS & TIMING

The event will run on the Target Timing System (GR R31 to R32).. All Special Stages will have a Bogey Time set at 70 mph and a Target Time set at approximately 30 mph (or less on short stages).

Should any recorded time not be legible or not appear authentic the organisers may use any means at their disposal to establish a time. The following titles describe the various types of Time Controls:

(a) Main Control

(i) Main controls will be situated at the start and finish of the rally and at the Service In and Out time controls

(ii) Each competitor will be given a due starting time. Each competitor will be given a due starting time from MTC 1 and the difference between this starting time and their actual starting time will be counted towards disqualification for overall lateness.

(b) Special Stage Arrival Control

On arrival at the SSA, a competitor will receive a provisional start time only when they are ready to start the stage (helmets on, etc.) A competitor who is early may wait for his due time but must then proceed immediately to the start line.

(c) Special Stage Start Control

At the SSA a competitor will be given a start time for the Stage in hours, minutes and seconds. Once a competitor has clocked in at an SSA, the Start Marshal will assume they are ready to start the stage and will issue a time as soon as the start line is clear, whether the competitor is ready to start or not. As each section is timed separately the time taken from SSA to SSS is 'Dead Time' and delays are automatically allowed for.

At the Stage Start controls, the marshal will instruct the competitor that he/she is next to start. The start will be signaled by traffic lights which will run through the following procedure:

30 Seconds to go: **RED Illuminates**

15 Seconds to go: **AMBER Illuminates**

10 Seconds to go: **RED goes out**

5, 4, 3, 2, 1: **AMBER goes out in segments**

GO!: **GREEN ON** at the start time.

In the event of equipment failure, the start procedure will revert to the manual system that is described in Motorsport UK GR R25.7 to R25.8.

(d) Special Stage Finish Control

At the SSF a competitor will receive their finish time in hours, minutes and seconds. This time in hours and minutes may be used

to determine due time at next Stage Arrival. Any competitor who fails to stop at the 'STOP' Line must not, under pain of disqualification, reverse to the stop line, but must return on foot.

(e) Service In Control

Service In and Service Out times will be given here, the times issued may be used for regrouping.

Service Areas will have an IN control and an OUT control – additional time will be included within the Target Time to enable crews to service their vehicles.

There will be a Re-Group Control prior to the Service Areas. The section between IN and OUT controls of the Re-Group will be marked as a Road Section. Passage Controls will be indicated at certain points in the Road Book in order to collect Time Cards from Competitors or for other purposes (e.g. results collection/distribution, noise check, scrutineering). No times will be recorded at these controls but a competitor failing to stop at a Passage Control will be deemed not to have visited the control and incur the relevant penalty as per R32.2 (a).

The Maximum Permitted Lateness is 15 minutes penalty free. (Also See Art 13.)

ART. 14.1 **PERMITTED EARLY CHECK-IN**

Early check-in is allowed at the Final Control

ART. 14.2 **REJOINING**

Crews who retire on the first loop of stages are permitted to rejoin the event from SV Out following re-scrutineering. Crews rejoining will be seeded within but not ahead of 15 places from their original seeded position. If the crew cannot rejoin within 15 places of their original start position, then no restart will be granted.
